## INFINITY OIL CLEANSING CAKE

This 100 % natural oil cleansing cake cleanses impurities, both water-soluble and water-proof make-up, and sunscreen. The innovative cake contains Reconnecting Nature™ forest microbe extract, developed in Finland, proven to strengthen both your skin's own microbiome and your connection to nature. It's like taking a lovely stroll in the forest indoors! Fragrance-free Vitality is suitable for all skin types: for normal, sensitive, dry, surface dry, atopic, ageing, and couperosa skin. It can also help with impurities, acne, rosacea, POD, and combination skin. Infinity is a safe choice for adults, children, and youth alike, and also for those sensitive to scents.

Oil cleansing cake is rich in antioxidants, vitamins, and good fatty acids, all important to your skin. Coconut oil and cacao butter help to remove any impurities from the skin. Grape seed oil softens and nurtures the skin. Sea buckthorn contains vitamins B, E, and C, strengthening and reviving the skin.

Unlike some other facial cleansing products, oil cleansing cakes do not dry your skin. Daily use of the product balances the skin and improves the skin's moisture balance. At first the impurities leaving your skin might have a more active presence, but your skin will calm down when it gains back its natural balance.

### Use:

Handle the oil cleansing cake with clean, dry hands.

1. Rub the cake between your warm hands...
